

Communication No. 2493

ISU Development Commission position

Following the election of Dr. Susanna Rahkamo as a member of the ISU Council, she has vacated her position on the ISU Development Commission.

The Council has decided to replace Dr. Rahkamo immediately as a member of the Development Commission. The Council also noted that at the 2022 Congress, Article 24, paragraph 1 of the ISU Constitution was amended to allow the appointment of up to four members of the Development Commission. The Council therefore decided to seek applications from ISU Members for the Development Commission. Candidates should be experienced in the Figure Skating disciplines, in order to ensure coverage of both ISU Branches within the Development Commission. The number of appointments made – one or two – will depend on the applications received and the need to establish an effective and adequate balance of skills and experience in the Development Commission.

A job description with further details and an application form are attached.

Applications should be submitted by July 31, 2022 to development@isu.ch.
