

ISU Development Program 2020 – Full Report

The activities of the ISU Development Program during 2020 were severely affected by the Covid-19 pandemic. The Season 2019/20 ISU Junior Events (Junior Grand Prix of Figure Skating, Junior Speed Skating World Cup, and Junior Short Track Challenge Series) supported by the Development Program had to be cancelled and many ISU Member Projects were postponed, cancelled or had to be adapted to the new circumstances. Nonetheless, the focus was on allowing as many activities as possible to go ahead within the scope of the revised ISU Communication No. 2310 ISU Development Program published in February 2020 (replacing previous Communication No. 2052) which amended in particular the Junior Skater Scholarships procedures.

1. Projects

The number and type of project applications has changed somewhat in 2020 due to the Covid-19 pandemic and the Development Commission has adapted accordingly.

2020 Development Program Projects by Discipline and Distribution of Funds (approved amounts)

| | Single & Pair Skating | Ice Dance | Synchronized Skating | Short Track | Speed Skating | Total |
|------------------------------|-----------------------------|--------------|-------------------------|----------------|------------------|-----------|
| Total | 20 | 2 | 9 | 19 | 14 | 64 |
| Approved | 16* | 2 | 6 | 13* | 9* | 46 |
| Rejected | 1 | 0 | 0 | 3 | 3 | 7 |
| Postponed/ Withdrawn | 3 | 0 | 3 | 3 | 2 | 11 |
| Granted (Swiss Francs) | 365'128 | 90'000 | 81'560 | 201'800 | 361'260 | 1'099'748 |
| Allocation per discipline | 21.00% | 11.00% | 10.00% | 24.00% | 34% | 100% |

* 5 Figure Skating, 1 Short Track and 1 Speed Skating projects were approved in 2019 but took place in 2020

Of the 46 approved projects, 7 were approved in 2019 to take place in 2020. Due to the Covid-19 pandemic there was a significant drop in the number of applications actually made during 2020, particularly for Figure skating: of the 2020 applications, 45% were for the Figure Skating Branch (compared with 60.5% in 2019) and 55% were for the Speed Skating Branch (compared with 39.5% in 2019). The pandemic also resulted in twelve Projects (5 Figure Skating Branch, 4 Speed Skating Branch) being postponed or cancelled before they were approved and five Figure Skating Branch projects and 2 Speed Skating projects being subsequently postponed or cancelled by the organizing ISU Member after having been approved. After a period of no activity in March-June, some projects did take place in 2020. These were mainly Speed Skating or Short Track national or regional projects that were not so severely affected by travel restrictions. Some projects took place online instead of in person. It should be noted that this meant the costs were lower so the total funds spent are less than indicated in the table above.

In 2020, 69% of applications were from Europe (25 different ISU Members), 6% from North America (2 ISU Members), 5% from South America (3 ISU Members), 17 % from Asia (10 different ISU Members) and 3% from Oceania (2 ISU Members). Nine approved applications were for competitions and seven of these took place in 2020 (4 competitions had been approved at the end of 2019 and were held before Covid-19 took hold in Europe). Seventeen approved applications were for camps or seminars, most of which involved both Skaters and Coaches. Four were for long-term training opportunities to establish and push forward skating sports in specific countries or regions. Fifteen were Visiting ISU Coach projects that mainly had to be done online.

Numbers of ISU Members, Skaters and Coaches involved in Projects* taking place in 2020**

| | Approx. No. ISU Members | Approx. No. Skaters | Approx. No. Coaches | Approx. No. Officials |
|-----------------------|-------------------------|---------------------|---------------------|-----------------------|
| Speed Skating Branch | 28 | 509 | 68 | 7 |
| Figure Skating Branch | 18 | 129 | 50 | 4 |
| Totals | 76 | 638 | 118 | 11 |

* not including supported competitions

** including Projects, that took place during the calendar year 2020, whether they were applied for/approved in 2019 or 2020

Detailed information can be found in **Appendix A**.

The 2020 numbers represent a significant decrease in activity compared to 2019, due to the Covid-19 pandemic. In Figure Skating in particular many fewer projects took place in 2020 compared to 2019 with a consequent 76% drop in the number of participating Skaters, an 84% drop in the number of participating Coaches and a 68% drop in participating ISU Members. For Speed Skating and Short Track, the projects tended to be regional, with travel possible between neighbouring countries, or national, and therefore the 2020 numbers of participating ISU Members, Skaters and Coaches were roughly comparable with 2019.

2. Scholarships

a) Skater Scholarships

The system for awarding Junior Skater Scholarships was changed for 2020, allowing ISU Members to make applications for their Skaters. The requirements were set out in ISU Communication No. 2311. Within the context of the overall approved budget for Scholarships, decisions were made by the Development Commission in consultation with the respective Technical Committee and Vice President and were based on the standard and needs of the applicants, the age of the applicants, the quality and detail of the plans in the submitted applications, the development needs of the applying ISU Member and geographical spread.

The new system resulted in more Skaters being awarded Scholarships of smaller amounts than in previous years. A total of 35 Scholarships were awarded for the Figure Skating Branch to 29 ISU Members (an increase from the 2019 total of 24 Scholarships to 16 ISU Members). For the Speed Skating Branch, a total of 56 Scholarships were awarded to Skaters from 30 ISU Members. A direct comparison cannot be made to 2019 because in that year, the Scholarship budget for Speed Skating and Short Track was distributed as travel contributions for the Junior Speed Skating World Cup and Junior Short Track Challenge Series.

The Scholarships were linked to the submitted plans of the Skaters and reports and invoices are now required, making the Scholarships more targeted and easier to follow up.

Please see **Appendix B** for a summary of the Junior Scholarship applications and awards.

b) Coach/Administrator Scholarships

Coach Scholarships are used in different ways for the various disciplines.

Speed Skating and Short Track: Nominations are requested from ISU Members. After a review by the Development Commission and Vice President, Scholarships of USD 10'000 or USD 5'000 are awarded. These are paid over 2 years and a report on activity and progress is required 12 months after each payment.

| Region | SS & ST Scholarships | ISU Members |
|-------------------------|----------------------|---------------|
| Europe | 3 | HUN, ROU, SVK |
| Asia | 2 | KAZ x 2 |
| Americas | 1 | COL |
| Oceania, Africa & India | 1 | IND |

Ice Dance: In 2020 10 Coaches were selected by the Ice Dance Technical Committee for a mentoring scheme, involving 6 months of mentoring by top Coaches from September 2020 to February 2021.

| Region | Ice Dance Scholarships | ISU Members |
|-------------------------|------------------------|-------------------------|
| Europe | 2 | SWE, UZB |
| Asia | 5 | CHN, INA, JPN, KOR, VIE |
| Americas | 0 | |
| Oceania, Africa & India | 3 | AUS, NZL, RSA |

Synchronized Skating: 5 Coaches were selected for mentoring and travel support for attendance at an ISU Synchronized Skating Seminar. Due to the pandemic, the Seminar attendance was postponed to 2021.

| Region | SyS Scholarships | ISU Members |
|-------------------------|------------------|--------------------|
| Europe | 4 | CRO, GBR, HUN, TUR |
| Asia | 1 | JPN |
| Americas | 0 | |
| Oceania, Africa & India | 0 | |

Singles and Pairs: As in 2019, the Singles & Pairs Technical Committee used the allocated funds for Junior Skater Scholarships.

3. Development Commission Initiatives

a) Skater to Coach initiative

In 2020, the Skater to Coach initiative, which gives financial support for educational and other development activities for Skaters who have retired and wish to become Coaches, Administrators and Officials or move into other roles in the Skating disciplines, support was given to 22 former Skaters – 11 Figure Skating Branch Coaches from 11 ISU Members and 11 Speed Skating Branch Coaches from 8 ISU Members. This compares with the 2019 total of 19 former Skaters (11 Figure Skating Branch Coaches from 6 ISU Members and 8 Speed Skating Branch Coaches from 6 ISU Members).

| Region | Figure Skating | Ice Dance | Synchro. | Speed Skating | Short Track | SS & ST combined |
|-------------------------|--------------------|-----------|----------|---------------|--------------------|------------------|
| Europe | LTU, SWE, TUR, UKR | BLR | LAT, SUI | GER, NED, RUS | FRA, FRA, NED, RUS | NOR |
| Asia | CHN, KAZ | | | | | |
| Americas | USA | | | | CAN, USA | CAN |
| Oceania, Africa & India | AUS | | | | | |
| Female / Male | 5 / 3 | 0 / 1 | 2 / 0 | 1 / 2 | 2 / 4 | 0 / 2 |

b) Visiting ISU Coach initiative

Due to the Covid-19 pandemic, and resulting project postponements cancellations, the Visiting ISU Coach initiative was expanded for 2020, from a total of 4 in 2018 and 4 in 2019 to 15 in 2020. It has proven difficult to arrange in person visits. Most Coaches and ISU Members started their cooperation with online/virtual assistance, with in-person visits being postponed to 2021.

| Regions | FS Applic | FS Awarded | ID Applic | ID Awarded | SyS Applic | SyS Awarded | SS Applic | SS Awarded | ST Applic | ST Awarded |
|------------------------|-----------|----------------|-----------|------------|------------|-------------|-----------|------------|-----------|--------------------|
| Europe | 6 | GBR NOR POL | 2 | | 5 | CZE | 2 | HUN | 4 | NOR/SWE SRB TUR |
| Asia | 4 | INA PHI | 1 | UZB | 1 | SGP | 0 | | 1 | TPE |
| Americas | 2 | ARG CHI | 0 | | 0 | | 0 | | 0 | |
| Oceania, Africa, India | 0 | | 0 | | 0 | | 0 | | 0 | |

c) Worldwide Coach education structure

Work on developing a Worldwide Coach education structure to provide a resource for ISU Members who are developing their Coaching structures was completed for both the Figure Skating and Speed Skating Branches during 2020. The structure has been created with the help of excellent input and cooperation from ISU Members and their experts and has been reviewed by a leading academic in the area of coaching. Work to make the structure available, along with modules and materials for some Levels, on the ISU e-Learning platform is planned for 2021.

4. Council Projects

a) Worldwide Seminars

In 2020/21 the annual Worldwide Seminars for Ice Dance (Oberstdorf, GER and Seoul, KOR), Pair Skating (Berlin, GER and Novogorsk, RUS) and Synchronized Skating (Vierumäki, FIN) were cancelled due to the Covid-19 pandemic.

b) Junior Grand Prix of Figure Skating

In 2020/21 the Junior Grand Prix of Figure Skating was cancelled due to the Covid-19 pandemic.

c) Junior Speed Skating World Cup

In 2020/21 the scheduled ISU Junior Speed Skating World Cups in Minsk, Belarus and in Collalbo, Italy, and Hachinohe, Japan were cancelled due to the Covid-19 pandemic.

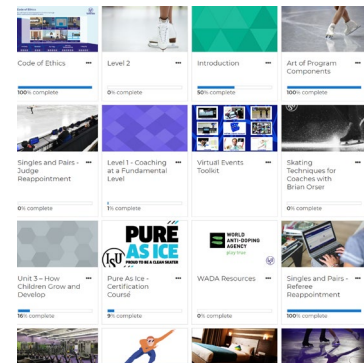

d) Junior Short Track Challenge Series

Due to the Covid-19 pandemic, no ISU funding was allocated for Junior Short Track Challenge competitions, or Danubia/StarClass competitions during the Season 2020/21.

e) eLearning

There was an expansion of the ISU eLearning (<https://elearning.isu.org/>) during 2020. Several modules were under development or completed, including an ISU Pure as Ice (PAI) Certification module and a series of iCoach Kids modules. Further modules are under development and an annual module-making plan will be established.

As well as content development, the Learning Management System (Moodle) has been regularly updated to serve the increasing online learning needs of the skating community. By the end of 2020, there were almost 2000 registered users of the eLearning platform (vs 1400 users in June 2020) from 103 countries.

Modules for Figure Skating Branch

- Judges Reappointment Learning Exercises
- Technical Panel Reappointment Learning Exercises (under development)
- Virtual Event Tool Kits – a step by step toolkit for designing and producing Zoom-based online virtual events/contests to assist small ISU Members and clubs to organize small-scale online contests during the Covid period.
- ISU Coaches Education Qualification Framework Level 1 – The framework and accompanying curriculum are designed to serve as a set of guidelines for ISU Members, particularly those without a developed coach education framework. Related modules under development in 2020.

Modules for Speed Skating Branch

- Strategic and Mental Capability modules
- Short Track Infringement module update
- Speed Skating Starter's Practice Tool (under development)
- eLearning Assistance to Speed Skating Officials Online Seminar
- ISU Coaches Education Qualification Framework (Levels 2-5) – The framework and accompanying curriculum are designed to serve as a set of guidelines for ISU Members, particularly those without a developed coach education framework. Related modules under development in 2020.
- Staying on Track
- Strength and conditioning modules

f) Centers of Excellence

The Centers of Excellence rose to the challenge of the Covid-19 pandemic, providing the following (mainly online) activities during 2020:

Figure Skating Branch

- ISU CoE Keep Training Series
- Virtual events/contests toolkits – a step-by-step toolkit on how to organize a Zoom-based online contest.
- CoE online contest – testing of online contest concepts
- Production of ISU CoE Guidelines

Speed Skating Branch

- ISU CoE Keep Training Series, including webinars organized by the Centers
- Webinar series – organized by Calgary CoE, Salt Lake City CoE and Thialf CoE
- Tutorial videos – a series of toolboxes composed of short tutorial videos on various topics uploaded to ISU platforms in November and on a regular basis.
- CoE online contest – testing of online contest concepts
- Production of ISU CoE Guidelines

The ISU CoEs have taken an active role in piloting new concepts and implementing innovative projects in 2020. They have acted as a resource for the ISU, offering their expertise and serving the ISU community remotely and professionally. The Centers themselves have also benefited from being part of the CoE network.

5. Conclusion

Appendix C summarizes ISU Development activities by ISU Member for 2020. The pandemic has had a clear effect on the number of ISU Members participating in projects, resulting in a drop in the percentage that have been directly involved in development activities. In 2020, 76% of ISU Members received some kind of support from the Development Program (compared with 86% in 2019) and twenty-three ISU Members (24%) did not apply for and did not receive any assistance (compared to thirteen ISU Members, or 14%, in 2019). If the annual C Contribution 2020 is also taken into account, then only four ISU Members have not received any support and 96% of ISU Members have been assisted in some way by the ISU Development Program.

For projects, ISU Members have had to adapt their planning to take into account social distancing, mask-wearing and other preventative measures (the Development Commission is pleased to report that no cases of Covid-19 have been reported during or after any 2020 Development Project). ISU Members have also had to make broader adjustments, such as more project activities taking place outside, splitting training camps into two parts in order to adapt to rapidly changing travel restrictions, or carrying out online versions of their projects. The Development Commission thanks the organizing and participating ISU Members for their flexibility and adaptability which have meant that activities for young Skaters have been able to go ahead, with a positive psychological and motivational effect in the difficult pandemic circumstances.

Despite the challenges of 2020 and the cancellation of many ISU Events and activities, the ISU Development Program has adopted a flexible approach and continued to respond to the needs of ISU Members and to provide opportunities and funding to maintain Skating activities worldwide. The challenging pandemic situation will continue into 2021 and the Development Program will continue to support ISU Members through its diverse programs and initiatives.
