7. Technical Requirements – Artistic Free Skating

General Requirements for Artistic Free Skating

The artistic events consist of Free Skating and Pair Free Skating programs judged only on the basis of the Program Components:

- Composition
- Presentation
- Skating skills

See ISU Communication 2494 III General Technical Rules in Single & Pair Skating and Ice Dance (Rule 504 para 3a) for a detailed description of Program Components.

There will be no technical panel and no technical mark given. The points for each Program Component are multiplied by a factor of 1.0. Falls are not subject to a deduction but may have a negative impact on the Program Components.

The Artistic Free Skating competition is an athletic competition that is intended to allow skaters to demonstrate their skating ability as defined by the three program components of the ISU judging system. Credit for the required technical elements is based solely on the ability of such movements to enhance the component score. Credit will not be given for their technical difficulty.

The program must be developed through skating skill and quality rather than through non-skating actions such as sliding on one knee or excessive use of toe steps. The skater/pair must not remain in one place for more than five (5) seconds. The Program and time clock will start with the first movement by the skater/pair.

Any technical element exceeding the maximum number as set forth below, will be judged as an illegal element (1.0 deduction). If the minimum required technical elements are not included, a deduction for a “missing element” of 1.0 will be made. The Referee is responsible for such deductions.

Clothing and make-up must be modest, dignified and appropriate for athletic competition – not garish or theatrical in design. Clothing may, however, reflect the character of the music chosen. Clothing must not give the effect of excessive nudity. (ISU Rule 501)

This is NOT a theatre-on-ice, showcase or spotlight event. Theatrical costumes and make-up will be penalized by a deduction: -1.0 per program.

Props and accessories may NOT be used in any part of the artistic programs. Use of props will be penalized by a deduction: -1.0 per program.

Any item that is held in the hand or removed during the performance is considered a prop. Thus, for example, a hat worn throughout the program is not considered to be a prop, but if it is intentionally removed during the performance it is considered a prop. Objects on the ice, thrown in the audience, placed on the boards or on the judges table are not permitted. Costumes that contain particles that may mar or leave anything on the ice surface (feathers, boas, excessive beading) are considered unsafe and are not permitted.

The decorations on costumes must be non-detachable. Part of the costume or decoration falling on the ice will be penalized by a deduction: -1.0 per program.

The deduction for inappropriate clothing or make-up props and accessories (1.0) will be determined by a majority of the judges and the referee.

Illegal elements:

- Somersault type jumps
- Laying on the ice and prolonged and/or stationary kneeling on both knees on the ice.

The warm-up duration is four minutes for all Artistic Free Skating and Pair Artistic Free Skating events.
