ENTRY FORM

The Inclusive Skating International and British Championships 2019 are being held in Braehead, Glasgow, Scotland, U.K. from the 1st to 7th April 2019.

Online entry is available on the website: www.inclusiveskating.org

The Entry Form is found on the online event entry platform: https://inclusiveskating.sport80.com/events

To enter the event please:

1. Create a profile on the membership platform if you don't have one. If you have a profile just log in. https://inclusiveskating.org/memberships

2. Then add your membership. The "add membership" function can be found on your profile page. This is a separate stage.

3. Select your membership and fill out the form. Most people come under skater membership. The Family membership is found under skater membership. The types of skater membership are on page 2 in a drop down menu. HofH is head of household and it doesn't matter if you are not a skater.

4. Then enter the event.

5. You don't need to add the planned program content sheet yet. The planned program content sheets are optional on the form and they are not on the information page for this year's event. They may be put there in future events. We will still need to know your Free Skating planned program content at least one week before the event.
https://inclusiveskating.sport80.com/events

6. The synchro events have a separate team entry. The team leader fills the form out on behalf of the team. There are extra activities and workshops taking place too. The Figure Workshop is open for entry. This is Unified so everyone can take part. There's a separate entry form for the synchro and these extra workshop activities.

7. Then pay the entry fee. Online payment is available.

If you need any help filling out the form just ask. The forms are long because we allow Inclusive skaters to volunteer and we have Inclusive Skaters whose parents/ carers/ family members have additional needs too. So, those who have greater independence may fill out the same information a few times. Once the information is in the system it is remembered for the future so it will be easier to enter the event.

If you're still struggling we have online zoom capability and we can even share screens and help you fill it out.
So, if you have any difficulty with anything just ask.
We are here for you.

Further information is available on the Glasgow 2019 Information page. The timetable and specific event information will be posted on this page as it becomes available.

Good luck and good skating!
