Passports and ID

The Government of Canada requires that all travelers carry a valid passport as the only universally accepted travel and identification document for the purposes of international travel. People who live in countries where a visa is needed to enter Canada must obtain one from a Canadian embassy abroad before coming to Canada.

Canada does not have a [visa office](#) in every country so it is important that delegates visit the website of the Canadian visa office responsible for processing their visa application. Information is available on the website on how to submit a visa application and the documentation required.

[Processing times for visa applications](#) vary depending on the visa office and the time of the year. Participants are encouraged to apply approximately 12 weeks in advance of their departure date to ensure they receive the visa in time.

Please Note: Depending on your nationality, you may be required to give your biometrics as soon as this summer 2019:

- Starting July 31, 2019, the biometric requirement becomes mandatory for nationals of Europe, Middle East and Africa;
- Starting December 31, 2019, the biometric requirement becomes mandatory for nationals of Asia, Asia Pacific and the Americas.

For additional information on whether you require a biometric, please refer to our [fast facts about Biometrics](#).

Visitors must have valid travel documents to enter Canada. Document requirements vary depending on which country you are travelling from. For specific information on travel documents and to find out if you require a visa to enter Canada as a visitor, please refer to <http://www.cbsa.gc.ca/> and <http://www.cic.gc.ca/>.

Important Notice: As of March 15, 2016, an Electronic Travel Authorization (eTA) is mandatory for visa-exempt foreign nationals travelling to Canada by air (not by land or sea). The authorization is electronically linked to your passport, so no additional documents are necessary. It is valid for five years or until your passport expires, whichever comes first. To avoid any issues at the airport, you should get your eTA as soon as you begin planning your trip to Canada. To find out if you need an eTA or to apply online, visit this [website](#).

If you have any questions on the importation of goods related to your event please contact the [International Events and Conventions Services Program](#) (IECSP) at the [Canada Border Services Agency](#) (CBSA).

Daily currency exchange rates appear in newspapers and online and are also posted at banks and independent currency exchange throughout the city.

Tipping

While tipping is not mandatory in Canada, it is customary in many circumstances for good service, especially in sit-down restaurants, which offer table service. It is also customary to tip bellhops, luggage handlers and taxi drivers at your discretion.
