5. Sustainability Initiatives at ISU Events
The ISU Council recommends that Organizing Committees of ISU Events achieve the following sustainability initiatives to the extent possible:

- Promotion of green transport alternatives including use of green cars
- Entry tickets be combined with public transportation for spectators
- Renewable resources be used in Event facilities
- Recycling containers be used in Event facilities (e.g. for plastic bottles, paper, etc.)
• Green information desk be provided at Event facilities (possibly supported by local authorities)
• Amount of paper used during competition be reduced by providing information to teams electronically (e.g. email, instant messenger, etc.)
• Use of plastic bottles be reduced and avoid wasting water
• Announcements on video board be made during Event regarding recycling and green initiatives
• Seating be provided for persons with disabilities
• Electric or gas ice-resurfacing machines be used

The same recommendations will be included in the Memorandums for guidance in holding ISU Events.
