ISU Centers of Excellence offer the “Keep Training!” series

Join an online class hosted by top coaches, choreographers and other Figure Skating professionals from April 19 – 24, 2020

The ISU Centers of Excellence (CoE) are pleased to present, “Keep Training!” a series offering free training sessions, which will start with virtual Figure Skating off-ice training sessions and will continue at a later date with Speed Skating and Short Track sessions.

Each CoE will share its coaching expertise to encourage Skaters to keep on training whilst #StayHome and to connect with each other and get #UpAgain despite the current challenging times.

As of April 19, a number of ISU CoEs will host the “Keep Training!” online training sessions with a range off-ice activities focusing on Figure Skating specific exercises, strength training or contemporary dance. Renowned Coaches and sports professionals from the participating CoEs have been selected to lead the sessions. These training sessions are suitable for Skaters of all levels. Sport amateurs and fitness enthusiasts can also follow the exercises with the awareness that no exercise should exceed their physical capacity.

These training sessions will be available on the Skating ISU Channel and all of them can be followed directly online on the Keep Training YouTube Playlist. If you cannot join the “Keep Training!” sessions live, you can watch and follow them at your own pace at home. More sessions covering all ISU Sports, including Speed Skating and Short Track can be expected soon. The exact training schedule is shown below:

About the ISU Centers of Excellence (CoE)  
The ISU CoE combines activities in key development areas. It is a hub where the education of Coaches, Officials, training of talented Skaters, and various seminars, webinars and workshops take place; it is where Skaters, Coaches and Officials have access to high-quality experts, services and sufficient on-and off-ice facilities. Entities that fulfil and excel in those criteria and activities receive an ISU CoE label for the quality of services and facilities offered to Skaters, Coaches and Officials from ISU Members.
