IV. Financial contributions from the ISU in favor of the sport activity of the organizing Member (Rule 106)

Rule 106 states that, *"for all ISU Events, the contributions to ISU Members (which include any contributions towards prize money) are based on the budget prepared by the Council and approved by the Congress, but the Council must respect criteria to ensure that the interest of all ISU Members is observed and respected."*

Consequently, within the limits of the Congress accepted overall budget for contributions to the sport activity of the organizing ISU Members, the ISU Council decides upon the allocation of the financial contribution to each Event.

ISU Members applying for any ISU Championships will, upon request, receive an indication from the ISU Secretariat of the provisory ISU financial contribution allocated to the corresponding ISU Championships.

The ISU Council will indicate the consequent ISU contribution when deciding the provisional allotments and endeavour to confirm the amount at the time of the final allotment, in line with the provisory indication.

The ISU Council reserves the right to reduce the indicated financial contribution if required by economic or other pertinent reasons, in particular but not limited to the case that the financial situation of the ISU should substantially deteriorate as a result of reduced revenues for TV and sponsorship contracts from the relevant markets. The ISU Council would further reserve the right to reduce the ISU financial contribution to the organizers in the case that the organizers do not fully comply with all obligations undertaken by the ISU Member/organizer under the ISU Regulations (Rule 106, paragraph 2), the respective ISU Memorandum and this Communication.

At time of the definite allotment, the ISU Director General will inform the organizing ISU Member of the final financial ISU contribution, as well as the schedule/date of payment(s). Upon acceptance of the final allotment by the organizing ISU Member, no additional ISU contribution can be considered.

It is understood that the ticket sales incomes and related tax responsibilities remain with the organizing ISU Members.

VI. Prize Money

Prize Money must be awarded in accordance with ISU Communication No. 2516, or any further update of this Communication.

VII. Insurance of ISU Championships

The ISU is annually contracting cancellation insurance for the next upcoming season. The cancellation insurance basically covers the reimbursement for the actually incurred and not recoverable expenses following the necessary cancellation, abandonment, disruption, interruption, relocation or rescheduling of the insured ISU Championships due to any cause beyond the control of the ISU or the Organizers. Since the insurance can be contracted only for the next upcoming season, the covered risks may vary from one season to another. Due to the Covid-19 pandemic, insurance underwriters have enforced that until further notice all policies will exclude any losses arising as a result of Coronavirus or any mutation of the virus. Also, limitations to the risk for terrorism apply, namely being limited to terrorism which occurs at the venue and within the time period of the Championships.

The ISU Championships are basically insured for actually incurred and not recoverable expenses (but not for missed and/or reduced income and/or profits) up to the amount of the ISU contribution (excluding Prize Money). The insured sums will be communicated to the respective organizing ISU Members in due time.

The ISU also maintains a liability Insurance in respect of bodily injury, illness or disease and/or loss or damage to property of third parties with a Limit of Indemnity of US\$ 20,000,000.

ISU Members may request a copy of the Insurance Policy (as soon as finalized and available for the next upcoming season) and can, at their discretion and expense, increase the insured maximum amount in principle at the same premium rate as the ISU.

The premiums for both insurance policies will be paid by the ISU in advance and are taken into account in the determination of the ISU financial contribution to organizing ISU Members.

VIII. Information regarding the ISU Championships Hotels

Detailed information regarding the hotels is needed, so that the ISU can better evaluate the applications. Please state the prices in US\$ equivalent as well as the location of all hotels, the distance to the stadium(s) and expected transportation times. A brochure of the hotel(s) or a link to their website should also be enclosed.

IX. Press conferences and promotion campaigns

When an ISU Member has been provisionally or definitely allotted ISU Championships, press conferences and promotion campaigns must be organized. These obligations must be confirmed in the application.

X. ISU Memorandum for Guidance in holding ISU Championships

The ISU Member applying for an ISU Championships must confirm in writing that it will observe and follow the most recent edition of the respective ISU Memorandum and any subsequent updating. The ISU Memorandum for the concerned discipline is available upon request at the ISU Secretariat. Any substantial financial implications resulting from changes between the ISU Memorandum in force at the time of the application and at the time of the Championships will be resolved in due time.
