Bratislava	SVK	<p>Bratislava is one of the smaller capitals in Europe but in recent years it has begun to develop rapidly. The city is working to restore greenery and social spaces especially to the people. We would like to cooperate with the city management and use not only the arena and hotel premises but these social spaces as well. The ISU European Championships is a great opportunity for our Federation, city of Bratislava and Slovakia to show how we love figure skating and sport. Similar events are very popular in Slovakia. The financial income and visibility thanks to the Championships can help us to continue and work on the development of Figure Skating in Slovakia.</p>
