## Sustainability

City	Country	Sustainability plan
<b>Tampere</b>	<b>FIN</b>	<ul style="list-style-type: none"> <li>- Nokia arena design &amp; construction phase: gold level of the International LEED environmental certificate</li> <li>- aiming for sustainability for fans, event organizers, environment &amp; city</li> <li>- central location: small carbon footprint, cooperation with local public transportation</li> <li>- energy efficiency: district heating, renewable energy sources, solar energy panels contributing 15% of our energy needs. Cooling of the arena directly by lake "Näsijärvi" bottom waters, the ice in the arena is produced with a carbon dioxide system.</li> <li>- waste minimization: waste generated at events is recycled and/or utilized in energy production</li> <li>- environmental, social and economic responsibility at the Nokia arena</li> <li>- ISO 20121 Sustainable Events - for all types of events</li> <li>- arena develops operations and update their responsibility program annually</li> <li>- All hotels and restaurants follow or have agreed on sustainability at all levels they operate.</li> </ul>
<b>Budapest</b>	<b>HUN</b>	<ul style="list-style-type: none"> <li>- Use electric cars for the transportation of ISU and VIP guests</li> <li>- No paper communication</li> <li>- BPA free bottles as present for participants, refill stations available</li> <li>- Reusable cup in buffets</li> <li>- Selective waste collection</li> <li>- OC meetings without paper printing</li> <li>- Recycled, environment friendly materials in official clothing and merchandising products</li> <li>- Planned partnership with electric transportations"</li> </ul>
<b>Courmayeur</b>	<b>ITA</b>	Not applicable
